On Monday (**February 23rd**), Hans-Peter will start to climb on

**Kilimandscharo** and hope to arrive on top of the highest mountain of Africa at an altitude of 5896m ASL on Friday, **February 27th** at 0815z. He plans to be active for about **20 minutes** on 21.222 kHz +/- QRM. There will be a list taken beforehand by Sigi, HB9DLE, via E-mail of interested amateurs in order to minimize the pile up and to speed up the traffic. Sigi's E-mail address is: [hb9dle@uska.ch](mailto:hb9dle@uska.ch) During the second week, Hans-Peter will be active from **Zanzibar Island (AF-032)**. QSL via his home callsign HB9BXE.
